

## TAC MEETING AGENDA

### February 4, 2010

- **Wanda McGee** - [www.fourseasonrecycling.com](http://www.fourseasonrecycling.com)

#### **Four Season Recycling & Trading:**

Four Season Recycling & Trading, LLC provides scrap, reuse and recycling solutions and waste reduction programs for numerous industries. As their partner, we help them analyze their scrap and waste streams to maximize their recycling efforts and reduce the impact of what they discard. Our domestic and foreign markets for paper, plastics, metals and reusable or recyclable by-products from our customers are extensive, consistent and financially strong. Our capabilities include installing recycling equipment, balers and other scrap handling systems. Through our commitment to developing programs that specifically meet the needs of our customers, we strengthen our partnership with them. We understand their core business is not handling or marketing scrap, so they rely and trust us to help them recover the most they can and dispose of as little as possible.

Services Include:

- Purchase & sell recyclable materials, either loose or baled, truckload or less than truckload quantities
- Purchase & sell Gaylord boxes
- Purchase & sell recycling equipment
- Waste audits & reduction recommendations
- Roll cutting and baling
- Pickup service and spotted trailers
- Recycling and waste reduction consultations
- Export & domestic marketing

- Contractor Audits – finalize process
- Update on Status of SWMP for the Amendment for Old Petersburg Landfill
- CDD Procurement (RFP 10-46) – Status update
- CFC/HCFC Procurement (RFP 10-47) – Status Update

**NEXT MEETING: March 4, 2010**
